I understand that this Chromebook is property of the Kuna School District and that I am being trusted to borrow the one that has been assigned to me.		
If I lose, damage, or make the Chromebook inoperable, I must pay to get it replaced at a cost of \$225.00.		
I will report any damage or malfunction to the office.		

Network use

Chromebooks use the Chrome operating system which is web-based and only runs the Google Chrome browser. Students will log into their Chromebook using a Kuna School District managed Google account. Students have no expectation of confidentiality or privacy with respect to any usage of a Chromebook or Kuna Schools Google Account, regardless of whether that use is for school-related or personal purposes, other than as specifically provided by law. The school may, without prior notice or consent, log, supervise, access, view, monitor, and record use of student Chromebooks and Google accounts at any time for any reason related to the operation of the school. By using a Chromebook and Kuna Schools Google account, students agree to such access, monitoring, and recording of their use. Teachers, school administrators, and the technology department staff may use monitoring software that allows them to view the screens and activity on student Chromebooks only during regular school hours.

I will only log into my Chromebook with my Kuna School District issued Google account .		
I will not share my password with others.		
I understand that my Google account is managed by the Kuna School District and that all of my actions while logged in can be monitored and reviewed even if I'm not at school.		
I will follow the school computer and technology use policy in the student handbook.		

Chromebook Care

Students are responsible for the general care of the Chromebook they borrow. Chromebooks that are broken or fail to work correctly must be reported to a teacher or administrator as soon as possible so that they can be taken care of properly. The School will repair or replace damaged equipment resulting from normal use. Abuse or neglect may result in damages that the student is responsible to pay for. The School will make its best attempt to purchase replacement parts at the best possible price.

Student Responsibilities	Student Initials	Parent Initials
I will keep food and beverages away from my Chromebook.		
I will not disassemble my Chromebook in any way or remove/alter district identification tags.		
I will keep the Chromebook free of personal stickers, labels, writing, drawings, etc.		
I will keep the Chromebook clean (this includes stickers).		
I will carefully insert and remove charging cords in storage devices.		
I will transport the Chromebook with the screen shut and always carry it in its case.		
I will not lift the Chromebook by the screen.		
I will not put pressure on top of the Chromebook when the lid is closed, including storing or cramming other items into the device carrying case.		
I will ensure there is nothing on the keyboard before closing the lid (pens, pencils, notebooks, etc.).		

Educational Use

School-issued Chromebooks should be used for educational purposes and students are to adhere to the Acceptable Use Policy and all of its corresponding administrative procedures at all times. The school utilizes an Internet content filter that is in compliance with the federally mandated Children's Internet Protection Act (CIPA). All Chromebooks will have all Internet activity protected and monitored by the school while on campus. If an educationally valuable site is blocked, students should contact their teachers to request the site be unblocked.

The majority of student work will be stored in Internet/cloud-based applications and can be accessed from any computer with an Internet connection and most mobile Internet devices. Activity in the KSD Google account is still subject to monitoring, however parents/guardians are responsible for filtering and monitoring any internet connection students receive that is not provided on school grounds.
